

THE LIBYAN JOURNAL OF

AGRICULTURE

Editor in Chief

Dr. FARID NOUR-ELDIN

Editors

Dr. MABROUK EL-SHARKAWY

Dr. ADNAN DARWASH

Dr. GILANI ABDELGAWAD

Dr. B. SAGHER

When citing from this Journal, use the following abbreviation:
Libyan J. Agr.

Published annually by the Faculty of Agriculture,
University of Tripoli, TRIPOLI, LIBYA

CONTENTS

B. M. SAGHER: Sexual Maturity and Body Changes in Layer Type Hens.	1
MOHAMED I. EL-GHARBAWI: Carbonyl compounds Developed in Freeze-Dried Meat as a Measure of Lipid Deterioration during storage.	7
M. I. EL-GHARBAWI, Y. H. FODA, M. S. EL-DASHLOUTY, AND E. S. EL-GONDY: Studies on Some Market Meats in Egypt. II. Histological Characteristics as Influenced by aging, Freezing and Storage.	13
ABD-EL-MAGID E. DRAWILL, AND MOHAMED I. EL-GHARBAWI: Quality Evaluation of the Tomato Paste Produced in the Libyan Arab Republic.	19
M. A. EL-SHARKAWY, AND D. SGAIER: Effect of Tillage on Root Penetration and Grain Yield of Mexican Wheat (<i>Triticum aestivum</i> L.) Grown in the Libyan Desert.	25
M. A. EL-SHARKAWY, AND K. SGAIR: Effect of Seeding Rate and Sowing Method on Grain Yield of Mexican Wheat (<i>Triticum aestivum</i> L.) Grown in the Libyan Desert.	29
M. A. EL-SHARKAWY, F. A. SOROUR, K. SAGAIER AND M. E. YOUSEF: Effect of Sowing Date on Growth and yield of Local and Imported Maize varieties (<i>Zea mays</i> L.)	33
M. A. EL-SHARKAWY: A Note on Methods measuring the Internal Water Status in Leaves of Sun flower Plants (<i>Helianthus annus</i> L.)	43
F. A. SOROUR, M. A. EL-SHARKAWY, AND M. SHAZLI OSMAN: Influence of Tillage Methods on Growth and on Yield of Corn (<i>Zea mays</i> L.)	47
F. A. SOROUR, M. H. LASHIN, M. A. BARAKAT, AND S. I. GHOWAIL: Effect of Foliar Spray with Trace Elements and Irrigation with Saline Water on Growth and Yield of Cotton.	51
JAGDEV S. SAWHNEY, VLADIMIR STOYANOV, AND ADEL J. SALMAN: Agronomic Characters and Chemical composition of some Corn Hybrids Grown in Libya.	57
JAGDEV S. SAWHNEY, AND MOHAMED MANAWI: Water Uptake and Germination of Wheat Grains in Different Solutions.	61
MOHAMED ASSEED, F. A. SOROUR, AND M. A. EL-SHARKAWY: Response of Growth and Yield of Short-Straw Wheat (<i>Triticum aestivum</i> L.) to Salinised Water and Cycocel (CCC).	65
FARIDA H. BADAWY, AND MOSTAFA K. IMAM: Effect of Seed Inoculation with <i>Azotobacter</i> and Soaking in Trace Element Solution on the Growth and Yield of Some Vegetable Crops.	69
MOSTAFA K. IMAM, M. ABABA, AND O. EL-GAYED: Effect of Irrigation and Organic Manuring on Growth and Yield of Arran Banner Potato.	79
HUSAIN S. AHMED, AND J. B. STOREY: Effect of Temperature on the Quality of Vacuum Packed Pecans.	87
ISSAM A. HASSABALLA: Growth and Mineral Composition of Twelve	

Different Kinds of <i>Citrus</i> Seedlings used as Rootstocks.	91
FARID NOUR-ELDIN: Woody Gall of Sweet Orange.	101
HOSNI A. MOHAMED: Plant Disease Survey in Libya. I. Diseases of Wheat and Barley.	105
HOSNI A. MOHAMED: Plant Disease Survey in Libya. II. Physiological Races of <i>Puccinia graminis</i> var. <i>tritici</i> .	109
NAWAL A. HESSEIN, AND AMER M. A. KRAIM: Insect Species Caught by a Light Trap in Tripoli, Libya.	113
NAWAL A. HESSEIN: Morphology and Biology of the Carmine Mite <i>Tetranychus cinnabarinus</i> (Boisduval) (Acarina: Tetranychidae).	117
T. NAJI, M. ASSEED, M. F. GHONEIM, AND A. SASI: A Study on the Extractable Copper as Related to Soil Texture and Lime Content in some Jeffara soils.	123
MOHAMED ASSEED, AND D. SWARTZEN DRUBER: Water Infiltration into Uniform and Stratified Soils. II. Experimental Evaluation of an approximate Theory.	129
RAIF SAKR: Carbonate Metabolism as an Internal Soil Building Process in Gharian Area, Libya, with Special Reference to Loesslike Deposits.	141
FARID NAWAS, SHARIF CHAUDHRY, AND M. ASOWANI: A Study of the Problems of Wholesale Vegetable Marketing in Tripoli (L.A.R.)	149
NOTES:	
HUSAIN S. AHMED, AND IBRAHIM FAHMY: Saving Eucalyptus Trees Grown in Libya.	157
<i>Instructions to Authors</i>	159
