

CONTENTS

Instructions to Authors	v
AGRICULTURAL MECHANIZATION	
Mechanization of Potato Production in the Libyan Jamaheriya: Effect of Planting and Harvesting Methods: M. S. CHAUDRY and S. M. SHERIF	1
Mechanization of Potato Production in the Libyan Jamahiriya: II. Effect of Seed Tuber Size on Mechanical Planting Efficiency, Labor Requirement, Seed Tuber Rate and Yield: S. M. SHERIF and M. S. CHAUDHRY.....	9
Dryland Wheat Production in the Western Part of Libya I. Response to Deep Tillage and N-P Fertilizers: M. S. CHAUDHRY and S. M. SHERIF.....	15
Dryland Wheat Production in the Western Part of Libya II. Subsoiling and its Residual Effects: S. M. SHERIF, M. S. CHAUDHRY and S. KHAN.....	23
ANIMAL SCIENCE	
Effect of Days Postpartum and Endogenous Plasma Progesterone Concentrations on Estradiol Benzoate induced LH Release in Dairy Cattle: A. A. ZAIED, H. J. IRVIN, H. A. GARVERICK, A. M. SHAREHA and I. A. EL-MAHI	31
The Effect of Zeranol on Body Weight Gain of Sucklings and Early Weaned Barbary Lambs: A. K. EL-KHAZRAJI ¹ , A. M. SHAREHA ² , F. HORANI ³ and A. A. ZAIED ²	37
Investigations on Reproductive Performance of the Female Camel (AL-NAGA) 'Camelus dromedarius' I. Characterization of the Reproductive Cycle: A. M. SHAREHA, A. B. MAGDUB and A. A. ZAIED.....	43
Investigations on Reproductive Performance of the Female Camel (AL-NAGA) 'Camelus dromedarius' II. Peritoneal cannulation for Ovarian Endoscopy: A. EL SHEIKH, M. MONZALY, A. ZAIED, A. MAGDUB and A. M. SHAREHA	47
Investigations on Reproductive Performance of the Female Camel (AL-NAGA) 'Camelus dromedarius' III. In vivo Investigations of Ovarian Activity in the Female Camel: A. A. ZAIED, A. EL-MAGDUB, A. M. SHAREHA, A. EL-SHEIKH and M. MONZALY.....	53
Olive Oil Cake as Animal Feed (B) Use of Olive Cake Supplemented with Urea in the Rations of Growing Barbary Lambs: M. A. RAZZAQUE, A. M. ABOAYSHA and F. E. OMER.....	61
Olive Oil Cake as Animal Feed (C) Use of Olive Oil Cake Supplemented with Soybean Seeds in the Rations of Growing Barbary Lambs: A. M. ABOAYSHA, F. E. OMER and M. A. RAZZAQUE.....	69
Forrage Yield and Nutritive Content of Barley Sown Alone and in Mixtures with Vetch and Egyptian Clover: M. A. BAYOUMI and A. H. M. MOJIBUR RAHMAN	75

FOOD SCIENCE

Effect of Orotic Acid on Egg Production and Egg Fat of Laying Hens: A. A. AHMED.....	87
Traces of Heavy Metals in Libyan Olive Oil: M. S. RANA and S. O. GNAN ..	95
Antimicrobial Activity of Lemonene: S. O. GNAN and M. S. RANA.....	99

HORTICULTURE

Antitranspirants: Vapor Gard and Wilt Pruf Maintained the Quality of Hamlin Orange Fruits: M. I. EL-TAMZINI and S. M. EL YATEM	103
--	-----

PLANT PROTECTION

Resistance of some Cultivars of Tomato and Potato to <i>Meloidogyne javanica</i> : K. H. DABAJ and M. W. KHAN	109
Efficacy of Certain Systemic Nematicides for the Control of Root-knot Nematodes under Glasshouse Conditions: K. H. DABAJ and M. W. KHAN ...	115
Powdery Mildews in the Libyan Jamahiriya: III. Identity of Certain Powdery Mildew Fungi: M. W. KHAN and I. S. FARAJ.....	121
Powdery Mildews in the Libyan Jamahiriya IV. Identity of Certain Powdery Mildew Fungi: M. W. KHAN	127
Interaction Between <i>Rhizoctonia solani</i> and <i>Meloidogyne hapla</i> on Radish in Gnotobiotic Culture: M. W. KHAN and J. MULLER	133
<i>Leveillula taurica</i> on Solanaceous Vegetables in Libya: M. W. KHAN and S. S. EL-AMMARI.....	141
Nematode Problems in Fruit Tree Nurseries in Libya: Z. A. SIDDIQUI	147
Plant Parasitic Nematodes in Vineyards of Tripoli and Zawia Regions: Z. A. SIDDIQUI	153

SOIL AND WATER SCIENCES

Effect of Manure and Soil-carbonates on the Availability and Uptake of Superphosphate-phosphorus by Wheat Plants Under Greenhouse Conditions: A. S. GIBALI and RAHMATULLAH.....	159
Field Measurements of Soil Water Loss Patterns in the Presence of Established Orchard Grass: I. Determination of Hydraulic Properties of the Soil: K. O. MOHAMED	165
Field Measurements of Soil Water Loss Patterns in the Presence of Established Orchard grass: II. The Water Balance of Root Zone: K. O. MOHAMED	175
Effect of Soil Mixing with Organic Residues on Some Physical Properties of Soil and Plant Growth: S. A. ELAFGHANI and T. A. YAHIA.....	181

NOTES

New Species of <i>Telotylenchus</i> (Tylenchida: Nematoda) on Peach in Ganima, Libya: A. RASHID and Z. A. SIDDIQUI	197
Preliminary Survey of Nematodes Associated with Vegetables Crops in Western Libya: E. A. EDONGALI and K. H. DABAJ	201

Cauliflower (<i>Brassica oleracea</i> C.v. <i>capitata</i>) Cyst Nematode in Libya: E. A. EDONGALI and K. H. DABAJ¹.....	205
Occurrence of Fig Mosaic Disease on Fig Trees in Wadi El-Hai Agricultural Project, Libya: J. A. KHALIL.....	207
The Occurrence of Palygorskite in Sarir Sahara Soils: G. M. ABDELGAWAD¹...	209
Alternaria Leaf Spot of Fig in the Libyan Arab Jamahiriya: I. S. FARAJ, J. A. KHALIL and N. K. EL-GARIANI¹.....	215
